Subject: Resubmission: San Miguel CSD Public Comment: Urgency Ordinance
Date: Thursday, June 11, 2026 4:18:18 PM

Hello again...

I would like my resubmitted comment read aloud:

Can someone please tell me why Ashley, Owen, and Legal Counsel created this ban on sparklers that under section four includes jailing families for up to a year for each sparkler they own? **If a person has a leftover sparkler from last year, now they are a criminal?** That is wrong.

Also Owen needs to resign from this board. His letter demanding this urgency ordinance is signed from an Owen "DAVIES" not "DAVIS". The E is not even close to anything on the keyboard. If a Board Member can not remember their own name, how can they make decisions for our Town? Unless someone wrote it for him? Perhaps Greg Campbell wrote it? The man with the illegal building downtown and genius who proposed shutting down the fire department in the first place.

VOTE NO on this ordinance.
